

Daniel Gion Public Statement

Mr. Chairman I would like to take this opportunity to sincerely apologize to the Board of Selectmen, the Town Administrator and the citizens of Dudley for my insensitive comment In an online discussion in response to some harsh words directed at me for my opinion on a video that was being discussed, which quickly got heated and a little out of hand. I never should have let my emotions get the best of me. Sitting in my home on a Monday night around 9:30, the furthest thing from my mind was that I was acting in the capacity of a town employee. I understand that the comment I made wasn't right and certainly brought a negative light to the good town of Dudley, and upset a lot of people, especially the African-American Community. My apology is from the heart and totally sincere, I should have been more professional and thought of what I was saying before I posted it. We all make mistakes, You have to learn from them so you can move on and be a better person, and that's what I intend to do.
